Case No. C06-4255 SC

**STIPULATION TO EXTEND NON-
EXPERT DISCOVERY CUTOFF, AND
~~[PROPOSED]~~ ORDER THEREON**

The Hon. Samuel Conti

Complaint Filed: July 11, 2006

Trial Date: February 19, 2008

STIPULATION

The parties, by and through their respective counsel of record, stipulate and agree to extend the non-expert disclosure deadline, currently December 1, 2007, to and including **December 17, 2007.**

On September 7, 2007, this Court issued an order based on a previous stipulation of the parties re-setting trial for February 19, 2008, as well as re-setting various other pre-trial deadlines. (Docket No. 70.) This present stipulation to extend the non-expert discovery cutoff will not affect trial or any of the other pre-trial deadlines. All other deadlines set by the Court's Order in Docket No. 70, including the trial date of February 19, 2008, shall remain the same.

This stipulation is necessary to allow further time for fact discovery for several reasons:

1) Plaintiff Cadsoft filed a motion to compel on August 22. This Court referred the motion to Magistrate Judge James on August 23, who did not act on the motion other than to order the parties to file new joint discovery dispute letters dealing with the same issues in the motion. The parties have since filed three joint discovery dispute letters (Docket Nos. 72-74), but have not received any direction from Judge James on their disputes as of the filing of this stipulation. Thus, three months after the initial motion was filed, the parties still do not have guidance as to the resolution of their discovery disputes, and time is needed to ensure those disputes are resolved.

2) Defendant Riverdeep's General Counsel remains on her honeymoon, and given the upcoming Thanksgiving holiday, Riverdeep maintains it has been and will be difficult to schedule her deposition and the depositions of other Riverdeep witnesses until she returns the week of November 26, 2007;

3) Several depositions remain noticed, etc., which may very well lead to discovery disputes that will require resolution as well.

SO STIPULATED.
